File S-6699

STATE OF NORTH CAROLINA)
JOHNSTON COUNTY)

On this the 12th day of December 1845 personally appeared before the subscriber an acting Justice of the Peace, in and for said County, **WILLIAM BRYAN** who having been duly sworn according to law doth upon his oath make the following statement supplemental to and in support of a declaration heretofore made (April 26, 1845) in order to obtain the benefit of the Act of Congress of the 7th June 1832.

That the family and name of **BRYAN** was a ... numerous, widely-connected and influential in this county long before the Revolutionary War and that they so continued during the struggle for independence sharing largely in the support by their wealth and influence and that the same name and connection has continued ... distinguished nearly or quite up to this period though a great many have removed to distant parts and many have undergone a reverse of fortune.

The county of Johnston was a large one embracing several of the adjacent present ones. The **BRYAN** family were located thus in the county before and during the Revolutionary War. One part of them lived near the middle, one family in the extreme north end now perhaps WAKE COUNTY, and one in the extreme south end, and the latter was the family and location of this declarant. His father was named **LEWIS BRYAN** and raised only three sons of the following names and in this order of their ages, viz: **ASA** who was born in the date of 1750, **JOHN** who was born about 1753, and **WILLIAM** (this deponent) who was born in 1760. The known distinction of his family in the time of the Revolution, and up to this date, FROM BRANCHES OF THE OTHER FAMILIES before mentioned was of "MILL CREEK".

This declarant states that all the three sons of his father did service and much service in the time of the Revolution in behalf of freedom and independence, as he doubts not may appear of record. His brother **JOHN** was a man of official distinction in this county for many years before he removed to GEORGIA where he died upwards of thirty years ago, and **ASA**, a Captain in the Revolution, died here upwards of twenty years ago, leaving this declarant the only living issue of his late father **LEWIS**.

This declarant moreover states on his oath aforesaid that he is now a man of large statue and that before he was sixteen years of age he weighed 157 pounds, that he was early aiding in behalf of his country-his who family belonging to the Whigs or Patriots.

That as heretofore stated in his formal declaration aforesaid he served in the militia of this State in the War of the Revolution at different periods for nearly or greater twelve months as well as his recollection now serves him. His first regular service was under CAPTAIN JOHN WHITLEY and HOOKS - Lieutenant he thinks in the year 1778 drafted for five months. Some time after the organization and ... of the company they were ordered and marched to SOUTH CAROLINA - they were in the battle of BRIAR CREEK, though this deponent was not in the battle. That after the discharge of CAPT. WHITLEY'S Company this

Page 2 - **WILLIAM BRYAN** - PENSION APPLICATION - File S-6699 December 12, 1845

declarant was after called out by superior officers whose names he does not now distinctly remember - except that COL. **NEEDHAM BRYAN** was this county commandant but that these services were of short though frequent periods and that he was regularly detailed on such service by proper officers. He has a distinct recollection of being called out on such service, he thinks under CAPT. RAIFORD and marched some days down the Neuse River and encamped near GREEN'S ferry - then occupied by one THOMAS GRAY (a lawyer) that he thinks this was in the year 1780 or 81 - he knows it was in the latter part of Summer, as they had to forage their horses on soft corn from MIR. GREY'S field.

----- MORE SERVICE -----

This declarant states on his oath aforesaid that there was another **WILLIAM BRYAN** * who has been dead some twenty years BELONGING TO THE FAMILY IN THE NORTH END "SWIFT CREEK" of this county - that this declarant knew him well - they were near the same age and that he thinks his said name stated did a tour of service in said war, but he is confident that he was neither in CAPT. WHITLEY nor in CAPT. GRIFFIN'S Company nor in any command with this affiant - and that - that was the only WILLIAM of Johnston County who could have rendered military service in the War of the Revolution besides and except this affiant.

That MOSES GRIFFIN late of Craven County died in the month of ... in the year one thousand eight hundred and sixteen (1816) seized and possessed of a large real and personal estate, leaving a last will and testament, which among other things contains the following clauses.

I desire that with all convenient speed after my decease my negro girl June be hired out and as soon as her wages amount to a sufficient sum agreeable to what the law requires in case of setting negroes free that she be then set free according to law and I desire that my negro man DUKE after my decease shall be at liberty to hire his own time at the rate of ten dollars per month and that the sum of twenty dollars a year for the space of eight years to be computed from the day of my decease his reserve out his wages as a provision agreeable to what the law requires in case of setting negroes free and that he then be set free according to law. And I desire that my negro man man after my decease shall be hired out and as soon as his wages amount to a sufficient sum agreeable to what the law requires in case of setting Negroes free that he be then set free according to law. And I desire that my negro man CAMPERAR(?) be hired out yearly for ten years to be computed from the time of my decease for the benefit of my estate and to be hired out again for seven years more from the expiration of the said ten years and that the sum of twenty dollars a year during the said ten years be reserved out of his wages as a provision agreeable to what the law requires in case of setting negroes free, and he be then set free according to law.

And I also desire that my said Trustees and Executors shall out of the issues and profits of my estate real and personal purchase two acres of land in some convenient and healthy place near the Town of Newbern, and as soon as the funds arising from the issues and profits aforesaid shall be deemed by them sufficient to make a commencement that a brick house one story and a half high shall be began to be erected in such part of the said two acres of land as my said executors shall determine on and point out; which said house is to be thirty feet long and twenty feet wide and to have a large room suitable for a school room laid off and finished on the first floor, the remainder of the house to be finished in a plain manner fit for the accommodation

of indigent scholars; which house shall be called GRIFFIN FREE SCHOOL and it is my desire that as soon as the house is finished and the funds arising from the issues and profits of my estate real and personal will and direct that a proper schoolmaster shall be employed for the purpose of teaching and educating therein as many orphan children or the children of such other poor and indigent persons as are unable to accomplish it with their own means and who in the judgment of my Trustees are best entitled to the benefits of the education(?) and it would be wish should the appropriated funds by good management prove hereafter equal to the expense to cloth & maintain the indigent scholars as well as school them, and when the said scholars arrive at the age of fourteen it would be my desire that my said Executors shall bind them out to trades or other suitable occupations; and I think the schoolmaster may be able to afford to board the indigent scholars upon more moderate terms than any other person in consequence of his having the use of the house and the two acres of ground rent free during the times he may be continued in the employment; and in consequence also of his having the privilege of taking twenty five other scholars beside the indigent and for whose tuition he make terms with their parents or friends; and to prevent misconception my meaning is that the amount of my estate real & personal at the time of decease shall be considered as a principal sum and is to remain undiminished forever except the payment of my debts funeral expense & the legacies herein before bequeathed and that the issues and profits of my said estate only shall be appropriated to the support of the said free school, and I would have it understood that it is my desire that all interest arising from sums of money put out at interest shall be deemed as principal and put out at interest in the same manner as before mentioned, and the negro hire also shall be put out at interest in like manner and to continue at interest till the funds are deemed sufficient by my Executors as before mentioned to put the institution in operation, and the said will also contains the following clauses:

I do hereby appoint EDWARD GRAHAM, WILLIAM GASTON, JOHN DEVEREAU, FRANCIS HAWKS and JOHN OLIVER all of the Town of Newbern aforesaid Trustees of my estate and Executors of this my last Will and Testament.

I will that all my just debts and funeral expenses be paid by my said Executors out of my personal estate with all convenient speed after my decease and as to the remainder of my estate both real & personal I give will and bequeath the same to my said trustees and Executors but in trust to be managed by them to the best benefit and advantage for the purpose herein after mentioned.

I desire that my said Executors shall invest all my ready money in Bank shares if to be purchased on such terms they may approve of but if not the money is to be put out at interest on time with approved securities the interest to be payable half yearly and the principal to remain at interest until such time as Bank shares can be purchased on approved terms.
