PATIENCE BRYANT, widow

WILLIAM BRYANT private North Carolina line

Act July 4th 17th 1836

Index: Vol. A. Page: 83

State of Georgia Gwinnett County

Be it known that the 13th day of January 1845 before me, ADAM POOL, a Justice of the Peace in and for the county aforesaid, personally appeared **WILLIAM BRYANT** a resident of said County and stated age 56 years who being first duly sworn according to law doth on his oath make the following statement:

That he has always understood and believed that he is the son of **WILLIAM BRYANT** and **PATIENCE BRYANT** and was born in Nash County State of North Carolina on the 21st day of December 1788.

And deponent further states that he has understood and believed that his father, the said **WILLIAM BRYANT**, was a musician in the war of the Revolution.

And that he enlisted for the term 5 years or during the war and served in Captain ALLEN's company in the regiment of the North Carolina Continental Line of the United States Army.

And deponent further states that the said **WILLIAM BRYANT**, his father died, in Jackson County, formerly, now Gwinnett County, Georgia, in the year 1828, leaving his mother, the said **PATIENCE BRYANT**, as his widow.

And that she was first apprized, in the year 1842, that she was entitled to pension under the Act of Congress of the 4th of July 1836.

And in order to procure her pension she would have to prove her identity and the services of her husband, the said **WILLIAM BRYANT**.

And that his mother, the said **PATIENCE BRYANT**, was of the opinion that her husband, the said **WILLIAM BRYANT**, drew a pension as a resident of Morgan County, Georgia, and supposed that she could obtain documentary proof of his services from the clerk's office of said County, supposing that a copy of his declaration was on file in said office, but was advised to address the agent for paying pensions in Savannah, State of Georgia, of the subject and was informed, to this deponent's knowledge, from that source that **WILLIAM BRYANT**, of Morgan County, State of Georgia, was a pensioner of the United States on the role of the Georgia agency under the act of Congress the 18th of March 1818 at the rate of \$96.00 per annum and was dropped under the Act of 1820, for services rendered at the Virginia Continental line of the United States Army.

And that his declaration was on file and the pension office in Washington City.

And that by referring to his declaration it would be satisfactory proof of his services of her husband, the said **WILLIAM BRYANT**.

And that his mother, the said **PATIENCE BRYANT**, after receiving the above named information was confirmed of her opinion that her husband was a pensioner and in accordance with her belief made application for a pension under the Act of Congress of the 4th of July 18th and set forth in her declaration that she could prove her marriage by **DIANAH YOUNG** of Hall County State of Georgia.

That when she made the application to the said **DIANAH YOUNG** she was found to be from old age an incompetent witness. She then applied to **ROBERT YOUNG**, another old acquaintance, and was informed by him that her husband **WILLIAM BRYANT** was a musician in the North Carolina Continental line and service under Captain ALLEN in the 10th regiment, he had always understood and believed.

That his mother, the said **PATIENCE BRYANT**, then recollected to have heard her husband, the said **WILLIAM**, relate that he served as musician under Captain ALLEN about 12 months from 1777 and was then reduced to private and served to the end of the war as private and was entitled land Bounty, which he had never received for his services at the North Carolina line.

That his mother, the said **PATIENCE**, being convinced that she had made a false declaration applied to the clerk's office of Morgan County Georgia for information and was informed that her husband was a pensioner of said County from the year 1816 to the year 1819 when he was dropped or removed from said County.

That his mother, the said **PATIENCE**, then made a second declaration describing her husband, the said **WILLIAM BRYANT**, deceased, services from her best recollection and belief and proffered the same to THOMAS GREEN Esquire of Richmond with instructions to him to withdraw her first declaration and file her last, which she supposed he could do, making the necessary explanation before her first declaration was acted upon and filed.

WILLIAM BRYANT {his mark}

Sworn to and subscribed on the day and year first written before.

I further certify that **WILLIAM BRYANT** the affiant is a reputable person.

and that he has frequently heard the said **WILLIAM** assert that he was a soldier in the ware of the revolution and that he was generally as such so far as deponent knows.

And that he, deponent, was called on for a certificate of acquaintance when she made application for a pension under the under the Act of Congress of the 4th of July 1836.

And was personally present when she made her first declaration for a pension under said act and believes that foregoing statement of **WILLIAM BRYANT**, her son, is a faithful explanation why she claimed her husband **WILLIAM BRYANT** is the identical person who was a pensioner of the United States under the Act of Congress of March 1848 at Morgan County, State of Georgia.

Sir,

Under the instructions of the Secretary of interior I have carefully reexamine the case of **PATIENCE BRYANT**, widow of **WILLIAM** of Georgia, under the act of for July 1836, but can find nothing in it to authorize this department to grant a pension.

It appears that an 1844 Mrs. BRYANT made a declaration in which she set forth that she is the widow of WILLIAM BRYANT, of Georgia, who was a pensioner under the act of 1818 at \$96 per annum. for services rendered in the war of the Revolution, in the Virginia Continental line. Upon examination of her claim this was ascertained to be false. Subsequently, about 8 months afterwards, she made a supplemental declaration in which she avers that she is the widow of WILLIAM BRYANT who is a musician and private in the North Carolina Continental line from 1777 to 1785, the close of the war, for the service of the soldier who performed this duty these heirs have obtained a Bounty Land from this office, but this is not at all conclusive that the WILLIAM BRYANT of the North Carolina line was the husband of PATIENCE BRYANT. She claims to have been married in Nash County North Carolina in July 1780. This, then, must have been while he was in the service and there is nothing to show that his regiment was ever located in that vicinity or that he ever was absent from his regiment nor indeed does she, in either of her declarations, speak of having married her husband while he was in the service. An event of that kind would not likely have been forgotten by her.

She no doubt married a **WILLIAM BRYANT** who has performed some service in the Revolutionary War, but it is very evident from all of the facts in the case that this was not the man. **WILLIAM BRYANT** is by no means an uncommon name, and there may have been half a dozen of them belonging to the regular army and militia of North Carolina, but, without the clearest evidence of identity no claim can be allowed.

Very respectfully your obedient servant JOHN WILSON for commissioner

THOMAS LUMPKIN, Esquire present

Washington DC September 28th 1851

Sir

I have the honor to enclosed herewith Mr. Wilson the chief clerk's letter of the 26th instant in reply to my communication with the Honorable Secretary of the Department of the Interior calling up the case of Mrs. **PATIENCE BRYANT** of Georgia, widow of **WILLIAM BRYANT**, act 4th July 1836 and in accordance with your suggestion respectfully ??? to the summary manner in which my clients application has been treated by the examiner, who acted upon it, I do not complain even at the discourteous language used toward her, accusing her of having asserted a false claim.

I desire now to call your attention, in as brief a manner as possible, to a few of the main points in the case which my memory serves me, to do by hasty examination of the papers.

It is very true that the first application, made in March or April 1844, Mrs. **BRYANT** is made to say that she is the widow of **WILLIAM BRYANT** who was a pensioner under the act of 1818 at \$96 per annum for services rendered in the Virginia Continental line. This error was fully explained in the subsequent declaration made in October 1844.

Her Advanced age 85 years has a consequent ignorance to her husband in his lifetime being in the receipt of a pension or not should not prove fatal to all her hopes of ever obtaining the gratuity granted by a magnanimous and grateful county for valuable services rendered by her deceased husband, **WILLIAM BRYANT**. The papers and affidavits of MCMILLAN and others will sustain her evidentiary statements and, I trust, satisfy you that it was an error of the head and not the heart.

She asserts in the subsequent declaration that her husband was a musician and served in the North Carolina line. In the examination of the subsequent claim she was required some 8 months before the proof could be supplied to produce record evidence of her husband's service. It was at last found and obtained by Mr. THOMAS GREEN who wrote to the secretary of State of North Carolina, see Mr. WILLIAM Hills certificate dated June 1845.

This same **WILLIAM BRYANT** is found to have been entitled to land. His heirs are admitted to have applied for and receive the same. They are also admitted to be the children of Mrs. **PATIENCE BRYANT**, my client. This is of itself conclusive proof as to the service and identity and has always been regarded to be such in your office.

The marriage, I regard, as being fully proven to have taken place prior to his leaving the service. Without naming several persons who testify on this point I beg leave to name the testimony of **ROBERT YOUNG**, who swears that he became acquainted with them in 1784. He states that they were living as man and wife and also swears their second child was born prior to the close of the war.

I respectfully submit this case to your favorable consideration and only claim for it that share of charity in it s investigation that is that its merits deserve.

I have the honor to be, very respectfully your obedient servant

Sir

I have the honor to state that having filed in the pension office authority to examine the papers in the case of Mrs. **PATIENCE BRYANT** of Georgia, widow of **WILLIAM BRYANT**, act 4th of July 1836, and having done so in the most particular manner, pro and con, I had decided to state, in detail, the merits of this case for your consideration, but I shall forbear so doing and respectfully ask that the case may be re-examined upon this, my appeal, from the former decision of Colonel J. S. Edwards, late Commissioner of Pensions.

I beg leave to call the attention of the pension Bureau, when the case is called up, to the explanatory statements of **WILLIAM BRYANT**, the son age 56 years in January 1845. Respecting his mother's error in the in having stated in her first declaration made in March 1844 that her husband drew a pension under the Act of 1818, this statement is clearly sustained by other facts in this case.

I also invite the attention of the examiner to Mr. THOMAS GREEN's two letters of the 4th of April 1845 and the 15th of June 1845 summing up the merits of the case.

I have also the honor to enclose, herewith, Colonel W. M. VARNUM's letter and an additional affidavit respecting the marriage all of which is most respective respectfully submitted.

enclosures is a certificate of WILLIAM HILL dated second June 1845 that **WILLIAM BRYANT** a musician in the North Carolina Continental line and Captain ALLEN's company 2nd regiment the? 1777 for the war and that he was a? Soldier 1778 received a land warrant for \$640 Acres.

This makes the evidence as his widow claim complete?

Very Respectfully yours

Received 2nd of March 1846

Sir

I send enclosed this affidavit of **JOHN BARKER** of Alabama dated 14th of May 1845. Also of **JOHN BROWN** of Reuben County Alabama dated 17th January 1846 and of **EPHRAIM BARKER** of the same state dated 15th January 1846 to sustain the application of **PATIENCE BRYANT**, widow of **WILLIAM**, to a pension under the Act of 4 July 1836.

Her children, as his heirs at law, received last year the US land bounty, thus his services and her identity are admitted.

The only question is as to the time of their marriage. He was known to have been an actual service to the end of the war. Was she married before that time? The evidence heretofore filed was considered hardly sufficient. This, now sent, I hope will turn the scale of Justice.

I am your obedient servant

Know all men by these presents that I, WILLIAM BRYANT, son of WILLIAM BRYANT deceased, who was a Revolutionary Soldier, and PATIENCE BRYANT, also deceased, who was the widow of said deceased WILLIAM BRYANT, who said widow in her lifetime made application for a pension for the services of said WILLIAM BRYANT, under Act of Congress 1836, or 1835, but owing to the stringent requirements of the commissioner of Pensions failed to obtain it.

I do therefore constitute and appoint THOMAS LUMPKIN, of Washington City, my true and lawful attorney for me, in my name and stead, to examine into the declaration of my deceased mother and all papers and proofs on file in the pension office in regards to the claim and ascertain why she was not allowed a pension.

Hereby ratifying and confirming all that my said attorney may lawfully do by virtue of these presents.

Colonel J. L. EDWARDS Commissioner

Sir,

Allow me, with the highest feelings of respect, to ask a ??? of your letter of the 14th of June suspending the claim of **PATIENCE BRYANT** under an act of 4th July 1836.

It is a curious case, curious in the extraordinary evidences.

But the final explanations are triumphant and complete and I rather exude a sympathy for the applicant in her lucky escape from the consequences of her blameless mistakes, made on the authority of the pension office of Georgia.

When ??? recollections at the testimony of her neighbor, she mad an inaccurate statement of the facts in the case which your ??? examined in my presence.

Yet, as they did not show **WILLIAM BRYANT** had ever been a musician during his first year service, as she alleged, I was required to produce the certificate from the secretary of State of North Carolina. I thought at the time it was a hard measure to exact such precise identity but complied with the order and the certificate when it came was so wonderfully exact and coincident with every statement of the applicant to its minutest details as evidently to ??? Instead of aiding the case by creating the impression that the record must have been examined before the declaration was drawn.

Of course I cannot say this was not the case, but this I can say, I think from all I do know about it that the chances are at least a million to a unit that no such examination ever was made.

With this unfavorable impression the case is taken up and she is now required to explain how it is that she could have been married to a soldier in the middle of the war (July 1780) at a point, Nash County, distant from the operations of his regiment. I think this requisition is a hard one, as, in the first place many, thousand soldiers were probably married in the midst of the war, very few of whom have in all probability been required to give any such declarations, and, if the history of the country to show that regiment was not in Nash County in July 1780, (which, I think, is rather taken for granted, rather than proved) yet for any one of the Thousand causes that might be assigned a part of the regiment, or a few individuals of it, might very probably have been stationed there.

And when the services and identity are so fully proved it does seem to me that the only question remaining is was he married before the end of the war as the husband shown in to have been in service at that time. She swears to the date of the marriage July of 80 in Nash County and that her husband continued to the end of War, and that after his Services ended, they remained in Nash County years then removed so that he has no family and no documentary proof.

ROBERT YOUNG swears he knew them in 1784 as husband and wife in Nash County and that their second child was born that year that he had a distinct recollection of the **BRYANT**'s informing him he had been a musician and Captain ALLEN's company.

This statement gives weight to the affidavit, as we were forced to produce, the record from North Carolina which confirmed the witness statement precisely. This precise accuracy of the witness on the other points of this statement entitles him to reliance or ?? every regard to the date of the marriage and the birth of the second child in 1784.

It will be born in mind that Mrs. **BRYANT** under statements from the pension office had stated that her husband services differently but this witness corrected her and the records verify his recollection. She is brought to a recollection of the question stated of the case by him amends her declaration accordingly, there being no second evidence, the proving the both of the second child and 1784 where the marriage must have been prior to the middle of 1783.

Her other witness, **DIANAH YOUNG [DIANA YOUNG]**, who was at the wedding, is [mentally unable].

She has no other proof I can get none and the coincidences do not satisfactorily establish her claims?

Your obedient servant

THOMAS GREEN

Pension Office September 29th 1851

Sir

According to your request I have examined the case of **PATIENCE BRYANT** claiming a pension, under the act of July 4th 1836, and I am of the opinion that the claim should be allowed.

A good deal of misconception appeared to have crept into the case, owing to an erroneous statement made by **PATIENCE BRYANT** in the first declaration, in which she asserted that her husband had been a soldier in the Continental line of Virginia when in fact, it would seem, his services were in the Continental line of North Carolina.

The error and her statement appears to have been rectified by a witness who swears that he served in the North Carolina, and not in Virginia, line. Her children as the heirs of her husband, **WILLIAM BRYANT**, who served as a musician private in the North Carolina line applied to this office in 1845 and obtained the land warrant to which their father was entitled.

In addition to this, the secretary of State of North Carolina certifies that **WILLIAM BRYANT** a musician and said line in Captain ALLEN's company of the 2nd regiment, entered the service in 1777 for the term of the war and was a private soldier in June 1778

A land warrant, for his services, was issued the 12th of March 1785 for 640 Acres.

Mr. GORDON, at the head of the bounty land office, informed me that there was but one **WILLIAM BRYANT** returned, as enlisted to the land and that it was satisfactorily ascertained that the soldier, in when right of present parties claim, was the man.

It is in evidence, by parole testimony, that in 1784 **BRYANT** and wife lived together and were recognized as such and that they had two children. This would seem to establish the date of the marriage to the year 1780 and which it was alleged to have taken place.

The date of the death of **PATIENCE BRYANT** should be certified, under the seal of a court of record, and also the names and ages of the children who survived her, that we may know to whom the certificate should issue.

Very respectfully your obedient servant

honorable Commissioner of Pensions

Dear Sir,

I address you concerning the pension claim of Mrs. **PATIENCE BRYANT**, formerly **PATIENCE STRICKLAND**.

The claim was first gotten up by myself and JOHN H. KILGORE, as agent for the widow, in her lifetime. We procured from the records of North Carolina sufficient to obtain her husband's land bounty. We then procured from the State of Alabama the testimony of **JOHN BARKER** and **EPHRAIM BARKER** and **JOHN BROWN**, all of Benton County Alabama. Mr. KILGORE, with these witnesses, was aiming to establish the marriage but as yet has not done so. The witnesses signing with Mr. KILGORE and myself intended to strengthen that evidence by proving the strength of his mind and memory of the evidence.

The heirs of the BRYANT's were living on my Plantation at that time. Some time one of the BRYANT's was decoyed into Hall County, and in a fit of intoxication, signed some instrument, as I am informed, for BRYANT's unlearned and imprudent. There is a company concerned in it five of their names, of three of them, VARNUM, RUDOLPH an WATSON. The BRYANT's have received some small amount of money. I have ascertained the company has a friend at Washington. I write this not with the expectation of getting money, but to give my help to the government, if it is defrauded for. I cannot think the pension office would refuse Mr. KILGORE and myself the pension we had honestly earned, if had gave it to others who had not. And I also know that the witnesses were all dead, but VARNUM and his crowd had anything to do with it, and the claimant. Also I have had business with the war department and pension office and have been treated both politely and promptly. I refer you to Judge "HILLYER" from the 6th Congressional Georgia in Congress and also Governor COBB.

My aim is only detect fraud, both the judge and governor are personal friends of mine.

J. L. EDWARDS Commissioner of Pensions Washington City, DC

Richmond 4th of April 1845 Colonel J. L. Edward Commissioner of Pensions

Sir,

Enclosed is the application for **PATIENCE BRYANT**, widow of **WILLIAM**, for a pension under the act of the 4th of July 1836.

This is a curious case there were two **WILLIAM BRYANT**'s one of the Virginia and the other of the North Carolina line. Both moved to the same County in Georgia. Both were pensioners one of the United States, the other of said County from the county.

Both died and the widows of each claimed that her husband was the US pensioner.

It turns out, see the affidavit of **WILLIAM BRYANT** for the explanation, that the US pensions was not this lady, **PATIENCE**'s husband, but he was the musician and soldier in Captain ALLEN's company, North Carolina line, until the end of the war. He may possibly, in 1780, have terminated his service as a musician and then have reenlisted for the war.

Your letter to me of 5th of October last referring to her erroneous declaration claiming to be the widow of the wrong **WILLIAM BRYANT**, says he left the service in 1780 but that must, I presume, have been the Virginia **WILLIAM BRYANT**.

The voluminous papers now sent seem to me to explain the whole case and to show that this lady is entitled as she claims.

Sir,

Enclosed is the certificate of FRANCIS M. TAYLOR, Clerk of Nash County North Carolina, dated 16th November 1845 that there is no evidence of record to his office of the marriage of **WILLIAM** and **PATIENCE BRYANT**.

This lets in the affidavit of witness and circumstantial evidence of the fact.

I send it, to sustain the application of **PATIENCE BRYANT** of Georgia, widow of **WILLIAM**, for a pension under the act of 1836. Her children have recently received us bounty land. So that the only question is as to the date of the marriage. Service and identity being sufficient ly proved also the Airship of the children.

Be it known that on the 17th day of January 1848 personally appeared before me, WILLIAM H. PRESNELL, a Justice of the Peace in aforesaid County, **JOHN BROWN**, of said County and State.

Now as deponent believes, and is satisfied in his own mind in his 80th year, and sayeth on oath that he formerly resided in Nash County, State of North Carolina, and was acquainted with WILLIAM BRYANT, who he understood was a soldier in the war of the Revolution and served forth fully in the cause of Independence, knows nothing of the company or regiment to which the said WILLIAM belonged. Deponent knew the said WILLIAM, knew he was called "Raccoon" WILLIAM or "Drummer" WILLIAM, PATIENCE STRICKLAND, or he believes so from the circumstances of his hearing of the wedding night, afterward understood that they were lawfully married, never heard it disputed but that they always lived peaceably together as man and wife. Deponent is satisfied that their marriage must have taken place while he was in his 16th year or before. Deponent has no doubt in his mind but that they were lawfully married.

He does not know to what regiment he belonged to being too young to be in the service of the United States and this deponent further States that he is clearly satisfied in his own mind that WILLIAM BRYANT and PATIENCE BRYANT, his wife, was lawfully married previous to the year 1780. And this deponent is satisfied that he is correct from the age of thence their children and the other circumstances that comes under his own knowledge for he is certain their third child must be 59 years of age who is now alive and from all reasonable conclusions and information of his own father he is certain he is correct.

enclosed as the application of The Heirs of **WILLIAM BRYANT** for a US land Bounty as a soldier of the North Carolina line for the war.

It seems there were two **WILLIAM BRYANT**'s, one from Virginia and the other from North Carolina. Both moved to Georgia, same county, and died. Pensioner the one of the US and the other of the county

This led to confusion and application of each for a pension.

The affidavit of **WILLIAM BRYANT**, the son, dated the 13th of January 1845, and this day sent with the application of **PATIENCE BRYANT** for a pension, will explain the whole affair.

I have no doubt this is the identical North Carolina soldier.

State of North Carolina Office of Secretary of State

I, WILLIAM WILL, Secretary of State, in and for the State of North Carolina, to hereby certify that it appears, from the muster rolls of the Continental line of this state and the Revolutionary War, that **WILLIAM BRYANT**, a musician in Captain ALLEN's company of the 2nd regiment, entered the service on the ____ 1777 for the term of the war that he was a private soldier in June 1778. A land warrant for his services was issued 12th of March 1785 for 640 acres.

Given unto my hand this 2nd day of June 1845.

WILLIAM Hill, Secretary of State

Dahlanegn September 2nd 1851 Mr. THOMAS LUMPKIN

Dear sir

You will find enclosed a power of attorney from WILLIAM BRYANT, for you, to examine into his mother's papers on file in the pension office this case must be a good one as WILLIAM BRYANT, deceased, served in the Continental line of North Carolina. His children obtained a bounty warrant for his services in the Revolutionary War by referring to the land office. You may get some light on this claim by the proof made to enable them to get bounty land.

Please inform me what additional proof will be required in this case.

Respectfully your obedience service servant,

W. M. VARNUM

Washington City, DC

ps. I send you proof of the marriage of **WILLIAM** and **PATIENCE BRYANT** with the proof on file I presume will complete the testimony in this case. I have written to Nash County, North Carolina, to get a certificate of marriage if any exists on the records.

W. M. V.

Richmond 7th July 1845

Colonel J. L. EDWARDS Commissioner of Pensions

Sir

On the 4th of April I enclosed to you that application for US land bounty of the heirs of **WILLIAM BRYANT**, of North Carolina. His widow, at the same time, applied for a pension. Yours of the 14th of June rejects or suspends the latter because because the proof of the date of the marriage was not satisfactory.

But the evidence of service is complete, it was thought so before the certificate of the secretary of State of North Carolina was applied for upon requisition from the your office. When it did arrive it was found in a ??? manner to correspond with the statements of the family.

If the claim be allowed, please to let the warrant be filed for secretary and drop a line.

Your obedient servant,

THOMAS GREEN

State of North Carolina Nash County

I FRANCIS M. TAYLOR, Clerk of the Court of Pleas and Quarter sessions, for the county aforesaid, do hereby certify that I have made diligent search for the marriage bond of **WILLIAM BRYANT** and **PATIENCE BRYANT** and find no evidence of record of any such marriage or bond.

In testimony whereof I have hereunto set my hand and affixed the seal of said court at office in Nashville 16th of November 8th. A. D. 1845
